SUMMARY

Computer Engineering student with a strong foundation in software development and full-stack application development. Passionate about building scalable and efficient solutions with a strong interest in AI/ML and cloud computing. Experienced in developing real-world web and application projects and applying analytical thinking to solve complex problems. A proactive and collaborative team player committed to continuous learning and innovation in the field of software engineering.

TECHNICAL SKILLS

Programming Languages: Python, C++, SQL

Web, App Development: React.js, Node.js, Next.js, Flutter

AI/ML, Data: NumPy, Pandas

Database, Core: MongoDB/Firebase, DSA, OOP

PROJECTS

AI-Based Student Attendance Tracking System March 2025 – Present
Computer Vision Project *React.js, Firebase, Machine Learning*

- Developed an automated attendance system using face recognition.
- Implemented real-time image processing for accurate student identification.
- Generated structured digital attendance reports.

AI Career Guidance Application Oct 2025 – Present
Mobile App Development *Flutter, Firebase, API*

- Built a career recommendation app based on user inputs and interests.
- Integrated Firebase for authentication and real-time database management.
- Designed user-friendly UI using Flutter.

Farmer Guidance Web Platform Dec 2025 – Present
Full-Stack Web Development *React.js, Firebase, Node.js*

- Developed a responsive web platform for agricultural guidance.
- Built using React.js, Next.js, and Node.js.
- Integrated Firebase and Google APIs for dynamic data handling.

EXPERIENCE

Internship & Practical Experience Virtual Intern – Eduskills (Cohort 10–15)

- Completed AI & Cloud-based virtual internships.
- Worked on industry-oriented projects.
- Currently pursuing advanced cohort training.

Technical Engagement & Achievements Hackathons & Certifications

- Participated in Kalyani and Google hackathons
- Completed NPTEL, Red Hat & IoT programs.
- Practice DSA on LeetCode using C++

EDUCATION

DR.Babasaheb Ambedkar Technological University Satara, India
B.TECH in Computer Science Engineering *Aug 2023 – June 2027*
Secondary and Higher Secondary Education Pune Solapur, India
12TH *Aug 2022 – March 2023*

CERTIFICATIONS

- Infosys - Probablity and Statistics Using Python
- Ybi - AIML with DS Internship
- Eduskill - Data Science Master Internship
